Participants in the FLAG workshop will learn fishing basics such as: how to set up and use a fishing rod; identifying Michigan fish species and fish biology; where to go fishing: fishing rules, regulations, ethics, and safety; what to do once you have caught a fish (handling, releasing, cleaning, and cooking). Included in the workshop fee is a rod/reel, tackle box with tackle, curriculum and lunch the day of the workshop. Come and learn what it means to fish like a girl! All participants will be invited back in the spring for a fishing event.
